## ANNUAL REPORT FOR 2017

# HIGHLIGHTS

Our respite and therapy program provided over **12,957** hours of care.

Local community members and university students provided over **5,895** hours of service.

**106** families were able to take a much needed break because of their access to our services.

Gio's Garden is a unique place that provides wonderful, special care for our most vulnerable children, and provides care really for the entire family, provides opportunities to feel much more normal than we do on an everyday basis, and provides true respite and true space to kind of take stock and relax, even for a few minutes.

*-Katy, Caregiver*

Your continued support provides vital programs and services for children with special needs. Whether it's a monthly financial gift, an event sponsorship, or a gift of time through volunteering - it is all important to the success of Gio's Garden. THANK YOU!
