Thank You AFIDF!

**In May 2016, Gio's Garden was very fortunate to receive a grant from American Family Insurance Dreams Foundation. This grant of \$48,040 was used to increase the number of children served and increase the number of respite care hours each family was able to use. The grant funds were used from June 2016 through March 2017. During the 10 month grant period, Gio's Garden was able to provide an additional 3,203 hours of respite care. 36 new children started services at Gio's Garden. This would not have been possible without the generous grant funds from AFIDF.
